FOR IMMEDIATE RELEASE

**JIMMY B. MORGAN, AWS FOUNDATION TRUSTEE, NAMED
ACTING VICE PRESIDENT OF INSTALLATION AND
MODIFICATION SERVICES AT WESTINGHOUSE**

MIAMI, FL – August 2, 2010 –Jimmy B. Morgan, an American Welding Society (AWS) Foundation Trustee, has been named acting vice president of the newly created Installation and Modification Services Department within Westinghouse Electric Company’s Nuclear Services product line.

The newly created department will provide fully integrated project management of plant engineering, modification, repair, installation, and decommissioning and dismantling (D&D) services to the global nuclear power plant market. Morgan will continue to be responsible for Westinghouse’s WEC Welding and Machining organization and its affiliates: PCI Energy Services, WEC Carolina Energy Solutions, Aggressive Equipment® WEC Equipment and Machining Solutions and WEC Welding Institute.

“Jimmy was elected as an AWS Foundation trustee in October of 2009 because of his dedication to the world of welding and his new position at Westinghouse is very well deserved and reflective of the passion he has to advance the science of welding for generations to come,” said Sam Gentry, Director, AWS Foundation.

As an AWS Foundation trustee, Morgan encourages the need for education and research in the field of welding, embraces the strategic focus of welder workforce development issues and identifies potential donors to provide assistance to students and welders.

A graduate of the University of South Carolina with completed MBA coursework at Furman University and The University of Virginia’s Darden School of Business, Morgan has more than 20 years of experience in the energy business.

About the American Welding Society

The American Welding Society (AWS) was founded in 1919 as a multifaceted, nonprofit organization with a mission to advance the science, technology and application of welding and allied joining and cutting processes, including brazing, soldering, and thermal spraying. Headquartered in Miami, Florida and led by a volunteer organization of officers and directors, AWS serves more than 63,000 members worldwide and is composed of 22 Districts with 250 Sections and student chapters. For more information, visit the society's website at <http://www.aws.org> and click on "Pressroom."
