

AMERICAN WELDING SOCIETY TECHNICAL COMMITTEE MEMBERSHIP APPLICATION

Please fill out this application and email it to technical@aws.org, mail it to the American Welding Society, Technical Department, 550 N.W. LeJeune Road, Miami, Florida 33126, or fax it to (305) 443-5951.

PLEASE TYPE OR PRINT. If necessary, attach additional sheets to complete answers.

AWS Member? Yes No

AWS Membership Number: _____

Send Membership Application form? Yes No

(AWS membership is recommended, but not required)

Mr. Ms. Mrs. Dr. Job Title _____

Last Name _____ First Name _____ M.I. _____

Address Home Business Other

Company (if applicable) _____

Address: _____

City _____ State/Province _____

Zip/Postal Code _____ Country _____

Primary Phone (____) _____ Alternate Phone (____) _____

Facsimile (____) _____ EMail _____

A résumé may be attached in lieu of completing the remaining items. *Check here if a résumé is attached.*

♦Your principal job responsibilities: _____

♦Relevant college or technical training (schools attended & number of years): _____

♦Highest academic degree: _____

♦Your relevant work experience, qualifications and anticipated contribution to the committee(s)/subcommittee(s) in which interested: _____

♦AWS or other society experience (include positions you have held): _____

♦Technical papers/reports published, patents held: _____

I am interested in participating in one or more of the following AWS technical committees:

- A1—Metric Practice
- A2—Definitions and Symbols
- A2B—Definitions
- A2C—Symbols
- A5—Filler Metals and Allied Materials
- A5A—Carbon and Low Alloy Steel Electrodes and Rods for Shielded Metal Arc and Oxyfuel Gas Welding
- A5B—Carbon and Low Alloy Steel Electrodes and Fluxes for Submerged Arc Welding
- A5C—Aluminum Alloy Filler Metals
- A5D—Stainless Steel Filler Metals
- A5E—Nickel and Nickel Alloy Filler Metals
- A5F—Copper and Copper Alloy Filler Metals
- A5G—Hard Surfacing Filler Metals
- A5H—Filler Metals and Fluxes for Brazing
- A5I—Tungsten Electrodes
- A5J—Electrodes and Rods for Welding Cast Iron
- A5K—Titanium and Zirconium Filler Metals
- A5L—Magnesium Alloy Filler Metals
- A5M—Carbon and Low Alloy Steel Electrodes for Flux Cored Arc Welding
- A5MILSPEC—Conversion of Military Specifications to AWS Filler metal Specifications
- A5N—Consumable Inserts
- A5O—Carbon and Low Alloy Steel Electrodes and Rods for Gas Shielded Arc Welding
- A5P—Carbon and Low Alloy Steel Electrodes for Electroslag and Electrogas Welding
- A5S—Gases for Gas Shielded Arc Welding and Cutting
- A5T—Filler Metal Procurement Guidelines
- A5W—Moisture and Hydrogen
- A9—Computational Weld Mechanics
- B1—Methods of Inspection
- B1A—Nondestructive Examination of Welds
- B1B—Visual Examination of Welds
- B1C Standing Task Group on the Welding Inspection Handbook
- B2—Procedure and Performance Qualifications
- B2A—Brazing Qualifications
- B2B—Welding Qualification
- B2C—Materials
- B2D—Standard Welding Procedure Specifications
- B2E—Soldering Qualifications
- B2F—Plastic Welding Qualifications
- B4—Mechanical Testing of Welds
- B5A—Welding Inspectors
- B5B—Welding Inspector Specialists
- B5C—Welding Engineers
- B5E—Welding Educators
- B5F—Welding Technicians
- B5G—Fabricators
- B5I—Welding Supervisor Programs
- B5J—Welder Test Facilities
- B5K—NDE Personnel
- B5M—International Qualification Activities
- B5N—Welding Sales Representatives
- C1—Resistance Welding
- C2—Thermal Spraying
- C2A—Machine Element Repair and Restoration
- C2B SSPC/NACE/AWS Tri-Society—Thermal Spray Corrosion Protection of Steel
- C2C—Thermal Sprayed Coatings for Reinforced Concrete
- C2D—Thermal Spraying: Theory, Practice, and Application
- C2E—Conference and Show
- C2F—Thermal Spray Operator Qualification
- C2G ASTM/AWS—Thermal Spray Equipment
- C2H—Thermal Spray Metallographic Sample Preparation and Evaluation
- C2J—Feedstock for Thermal Spray
- C3—Brazing and Soldering
- C3A—Brazing Handbook
- C3B—Soldering
- C3C—Education and Safety
- C3D—Brazing Specifications
- C3E—Brazing Conferences
- C4—Oxyfuel Gas Welding and Cutting
- C5—Arc Welding and Cutting
- C5C—Gas Tungsten Arc Welding
- C5H—Stud Welding
- C5J—Plasma Arc Cutting
- C5O—Shielding Gases
- C5P—Electrogas Welding
- C6—Friction Welding
- C6D—Friction Stir Welding
- C7—High Energy Beam Welding and Cutting
- C7B—Electron Beam Welding and Cutting
- C7C—Laser Beam Welding and Cutting
- C7D—Hybrid Welding
- D1—Structural Welding
- D1F—Strengthening and Repair
- D1G—Aluminum Structures
- D1H—Sheet Steel
- D1I—Reinforcing Bars
- D1J—AASHTO/AWS Bridge Welding
- D1K—Stainless Steel Welding
- D1L—Seismic Issues
- D1M—New Materials in D1 Codes
- D1N—Titanium Structures
- D1Q—Steel
- D1Q TG1—Design
- D1Q TG2—Qualification
- D1Q TG3—Fabrication
- D1Q TG4—Inspection
- D1Q TG5—Stud Welding
- D3—Welding in Marine Construction
- D3A—Aluminum Hull Welding
- D3B—Underwater Welding
- D3C—Steel Hull Welding
- D3E—Weld Through Paint Primers
- D8—Automotive Welding
- D8C—Automotive Arc Welding Steel
- D8D—Automotive Resistance Spot Welding
- D8E—Automotive Laser Welding
- D8H—Automotive Friction Stir Welding
- D9—Welding, Brazing, and Soldering of Sheet Metal
- D10—Piping and Tubing
- D10A—Brazing of Piping and Tubing
- D10B—Impact Testing of Pipe Welding
- D10C—Welding Practices and Procedures for Austenitic Steels
- D10H—Aluminum Piping
- D10I—Chromium-Molybdenum Steel Piping
- D10K—Welding of Titanium Piping
- D10P—Local Heat Treating of Pipework
- D10S—Purging and Root Pass Welding
- D10T—Low Carbon Steel Pipe
- D10U—Orbital Pipe Welding
- D10W—General Pipe Welding Guidelines
- D10Y—Duplex Pipe Welding
- D10Z—Nickel Pipe Welding
- D11—Welding Iron Castings
- D14—Machinery and Equipment
- D14B—General Design and Practices
- D14C—Earthmoving and Construction Equipment
- D14E—Welding of Presses and Industrial and Mill Cranes
- D14G—Welding of Rotating Equipment
- D14H—the Surfacing of Industrial Rolls and Equipment
- D14I—Hydraulic Cylinders
- D14J—Armament Systems
- D15—Railroad Welding
- D15A—Freight Cars and Locomotives
- D15C—Track Welding
- D16—Robotic and Automatic Welding
- D17—Welding in the Aircraft and Aerospace Industries
- D17D—Resistance Welding
- D17J—Friction Stir Welding
- D17K—Fusion Welding
- D18—Welding in Sanitary Applications
- G1—Joining of Plastics and Composites
- G1A—Hot Gas Welding and Extrusion Welding
- G1B—Vibration Welding
- G1C—Ultrasonic Welding
- G2—Joining Metals and Alloys
- G2A—Aluminum Alloys
- G2B—Copper Alloys
- G2C—Nickel Alloys
- G2D—Reactive Alloys
- G2E—Stainless Steel Alloys
- G2F—Steel Alloys
- G2G—Dissimilar Alloys
- J1—Resistance Welding Equipment
- Personnel and Facilities Qualification (PFQC)
- Safety and Health Committee

For International Standards Activities, Mark Specific Technical Advisory Groups (TAGs) of interest:

- | | |
|---|--|
| <input type="checkbox"/> ISO/TC 44/SC 3—Welding consumables | <input type="checkbox"/> ISO/TC 44/SC 10—Unification of requirements in the field of metal welding |
| <input type="checkbox"/> ISO/TC 44/SC 5—Testing and inspection of welds | <input type="checkbox"/> ISO/TC 44/SC 11—Qualification requirements for welding and allied processes personnel |
| <input type="checkbox"/> ISO/TC 44/SC 6 —Resistance welding and allied mechanical joining | <input type="checkbox"/> ISO/TC 44/SC 12 — Soldering materials |
| <input type="checkbox"/> ISO/TC 44/SC 7—Representation and terms | <input type="checkbox"/> ISO/TC 167, Steel and aluminium structures |
| <input type="checkbox"/> ISO/TC 44/SC 8—Equipment for gas welding, cutting and allied processes | |
| <input type="checkbox"/> ISO/TC 44/SC 9—Health and safety | |

- ♦Would you classify yourself as a:
- Producer (supplier/provider of welding products/services)
 - User (consumer of welding products/services)
 - Educator
 - Consultant
 - General Interest

♦Major product, service or function of your organization: _____

My company may be interested in participating in the following AWS activities:

(If interested, additional information will be sent.)

- | | |
|---|---|
| <input type="checkbox"/> Company Certification (testing facility, welding fabricator) | <input type="checkbox"/> Corporate Membership (Supporting or Sustaining status) |
| <input type="checkbox"/> AWS Foundation (fund raising) | <input type="checkbox"/> Manufacturer's Committees (welding equipment, resistance welding, brazing & soldering) |

Your membership on a committee requires full participation. If appointed to a committee you agree to:

- Yes No Support, or have your company support, your active participation including time, travel and financial support, as required?
- Yes No Attend (i.e., travel to) meetings regularly?
- Yes No Respond to all correspondence and letter ballots on time?
- Yes No Review and evaluate drafts in a timely manner?

Explanation, if any of above are answered in the negative: _____

By signing this form, if appointed to a committee, you agree to the following:

- ♦ To abide by the Rules of Operation of the Technical Activities Committee (TAC) and the TAC Policy Manual*
- ♦ To abide by the Code of Conduct for Members of AWS Technical Committees*
- ♦ That any AWS standards, publications or other intellectual property you author, in any format, either individually or with others, in connection with work performed as a member of an AWS Committee is owned solely by AWS and that AWS may register copyright in its own name (*for further information see AWS Intellectual Property Policy*).
- ♦ That you assume responsibility for obtaining appropriate permissions and agreements when introducing any information, material, ideas, etc. that is copyrighted or proprietary to your company, organization, or employer in any AWS standards, publications or other intellectual property, in any format (*for further information see AWS Intellectual Property Policy*).
- ♦ That any information, material, ideas, etc that are proprietary to your company, organization, or employer and that are volunteered by you and becomes part of any AWS standards, publications or other intellectual property, in any format, will remain part of that AWS product, and cannot be revoked or have license fees imposed (*for further information see AWS Intellectual Property Policy*).
- ♦ To abide by the Policy on the *Authority to Speak or Act for the American Welding Society* and the Policy for *American Welding Society Written Communications* both of which define who has the "authority to speak or act for the American Welding Society" and in what situations*

*copies of all rules and policies can be found on the AWS website at <http://www.aws.org/technical/docs/>

Applicant's Signature _____ Date: _____

Thank you for your application and interest in becoming active in corporate activities and/or a member of an AWS Committee and/or Subcommittee. A reply to your application will be sent within 30 days.

FOR OFFICE USE ONLY

Date Received: _____ Forwarded by: _____
Copy(s) forwarded to: _____
Corporate Activity information sent by: _____ Date: _____
