CANDIDATE INSTRUCTIONS FOR
CWI/CAWI PART A FUNDAMENTALS AND PART C CODE APPLICATIONS EXAMINATIONS

CWI/CAWI Part A and Part C are computer-based exams that must be taken at Prometric test centers. Please follow the instructions on the AWS Registration Confirmation Letter to schedule your test(s). You will need to schedule two appointments if you are taking both the Part A and Part C exams.

*Part B (practical) needs to be taken prior to Part C (codebook) and Part A (fundamentals)*

After you reserve a seat and date, you will receive an Appointment Confirmation Letter from Prometric with information on what to expect on test day.

Exam Duration:
The test time per part is two hours. However, expect to be at the test center for approximately three hours (per part) as additional time is needed for check-in/check-out, and pre-exam tutorial.

Security Agreement and General Terms of Use:
On test day, you will be required to read and agree to the Security Agreement and General Terms of Use presented on your computer screen before you can begin testing. In general, the candidate is agreeing to follow AWS policies and procedures, and to maintain the confidentiality and integrity of the certification program. To see what the agreement specifically states, please visit our website at http://www.aws.org/exam-security-agreement.

Exam Results:
You will get an immediate pass or fail exam result at the test center for each part being taken. However, receiving a passing score on each part does not necessarily constitute that a Certification will be awarded as individual and composite minimums must be met in order to achieve CWI or CAWI certification. AWS will send the final results within 4-6 weeks of your last exam to the most recent email address on file.

Codebooks (Part C):
- Only original or printed electronic copies are allowed.
- Codebook must be bound:
  - permanently bound, as by stitching or glue, or
  - securely fastened in their covers by fasteners that penetrate all papers
- Candidates may tab or highlight their codebook prior to the exam. Notes in the margins are allowed.
- No loose sheets of paper are permitted.
- Errata sheets provided by the publisher or distributor of the codebook are permitted.
- Electronic copies of the codebooks are available at Prometric.

Calculators:
- Prometric provides access to an on-screen calculator during the exam.
- Prometric may also provide a calculator for testing.
- If taking your own calculator, only scientific, construction, or four-function calculators are allowed.
- Calculator must not have memory, programmable, nor text capabilities.

---

1 Ring binders, spiral binders, plastic snap binders, brads, and screw posts are acceptable fasteners. Staples are not acceptable fasteners.
• Calculator must not generate noise.

Exam Structure & Codebook Editions Used for the Exams:

IMPORTANT!

Refer to the following documents and clauses for specific information related to the exam structure.

1. AWS B5.1:2013-AMD1, clause 7
2. QC1:2016 AMD1, clause 6

The candidates will need to reference the specific exam book editions indicated below for the Part C portion of their CWI/CAWI exam. It is to the candidate’s benefit that they use the codebook editions indicated as exam questions are based on the editions listed.

A candidate who chooses to use a codebook edition that is not listed does so at his/her own risk. AWS bears no responsibility for a candidate’s failure to obtain certification as a result of this choice.

• AWS D1.1- Structural Steel Code: 2015 and 2020 Edition including 2nd Printing
• API 1104- Pipelines 21st Edition
  o Code clinic available only for 21st edition with Errata/Addendum July 2007, Errata 2 December 2008/ Errata 1 April 2014
• AWS D1.2- Structural Aluminum Code: 2014 Edition
• AWS D1.5- Bridge Welding Code: 2015 Edition (including Clause 12)
• AWS D15.1 - Railroad: 2012 Edition
• AWS D17.1- Aerospace: 2017 w/ Amendment 1
  o Code clinic available only for 2010 edition
• ASME Sec VIII (Div 1) & ASME Sec IX: 2015 Editions

To purchase any of the AWS publications or the API 1104 Codebook, contact Technical Standards Sales at 305-443-9353, Ext. 280 or visit the website “https://pubs.aws.org”.

To purchase any of the ASME publications, contact ASME at 800-843-2763 or visit the ASME website “https://www.asme.org/shop/standards”.

Note the editions listed above apply to the English version only. To verify the edition being used with language-assisted exams, please contact the AWS Certification Department or the Agent.
APPLICANT INSTRUCTIONS FOR CWI PART B PRACTICAL APPLICATION EXAMINATION

Candidates must be present for check-in by the designated start time indicated below for his or her assigned group number (reference your confirmation letter for your group number). Doors will close promptly at the end of the check-in period. Candidates arriving after their assigned check-in period WILL NOT be admitted and WILL NOT be permitted to take their exam during any other group session. Each part of the exam will begin and end at the times designated by the Test Supervisor.

<table>
